# WHO IS COCO BESPOKE??

## Coco Bespoke Interiors & Turnkey Projects

is a full-service interior design and turnkey project company committed to delivering exceptional spaces through our expertise in Design, Build & Transform. With a combined experience of over 20 years in the design and construction industry, our team brings a wealth of knowledge in concept development, space planning, procurement, and project execution.

We specialize in creating high-end, custom-designed environments that are both sophisticated and functional. Our approach blends creativity with precision, ensuring that each project reflects our client's unique vision while maintaining the highest standards of quality and craftsmanship.

From initial concept to final installation, Coco Bespoke Interiors offers a seamless experience, managing every detail with a commitment to excellence. Whether it's an executive office, a luxury residence, or a dynamic commercial space, we design with intention, build with expertise, and transform spaces into extraordinary environments.

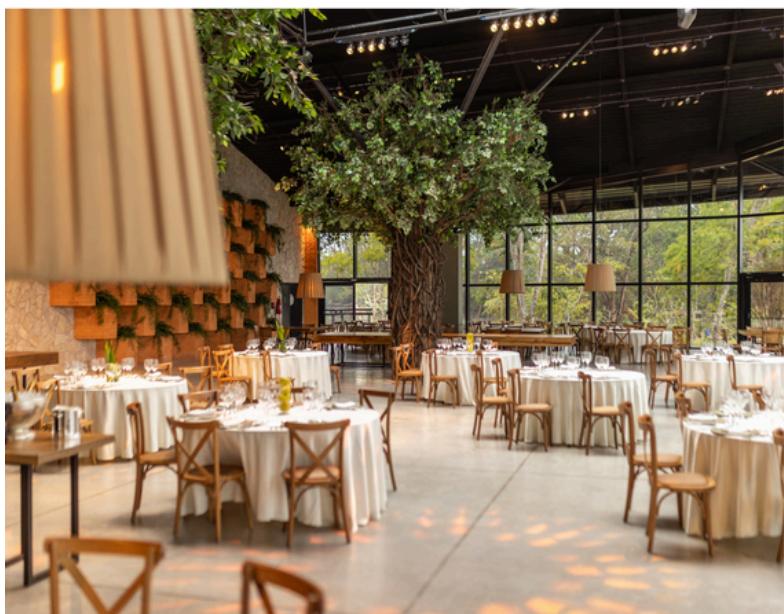

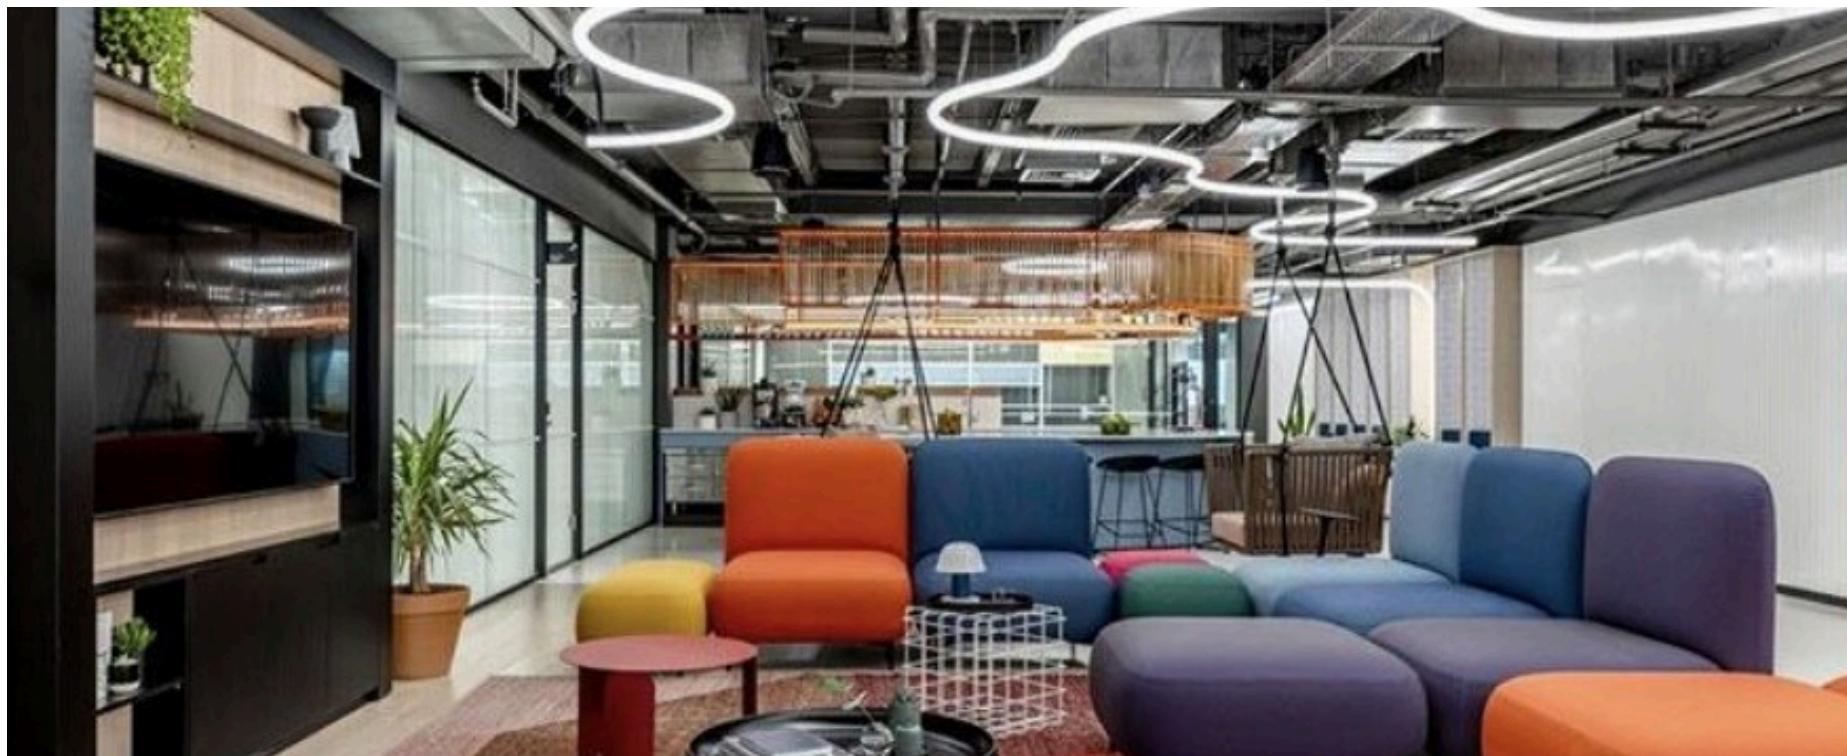

# OUR VISION

**To be a leading force in bespoke interior design and turnkey solutions, redefining luxury and functionality through our expertise in Design, Build & Transform. We envision creating exceptional spaces that seamlessly blend innovation, craftsmanship, and timeless design, setting new benchmarks in the interior design and construction industry.**

**Our goal is to inspire and elevate the way people experience their environments—whether in the workplace, hospitality, or residential settings. By integrating cutting-edge design principles, sustainable practices, and the finest materials, we strive to craft interiors that not only meet aesthetic and functional needs but also enhance well-being and productivity.**

**Through our unwavering commitment to quality, creativity, and client satisfaction, we aim to be the trusted partner of choice for those seeking bespoke interiors that are both aspirational and practical, making a lasting impact in the industry and beyond.**

# MISSION STATEMENT

At Coco Bespoke Interiors, our mission is to seamlessly blend design excellence with expert craftsmanship to deliver sophisticated, functional, and high-quality spaces. Through our Design, Build & Transform approach, we are committed to:

Crafting bespoke interiors that reflect our clients' unique visions and needs.

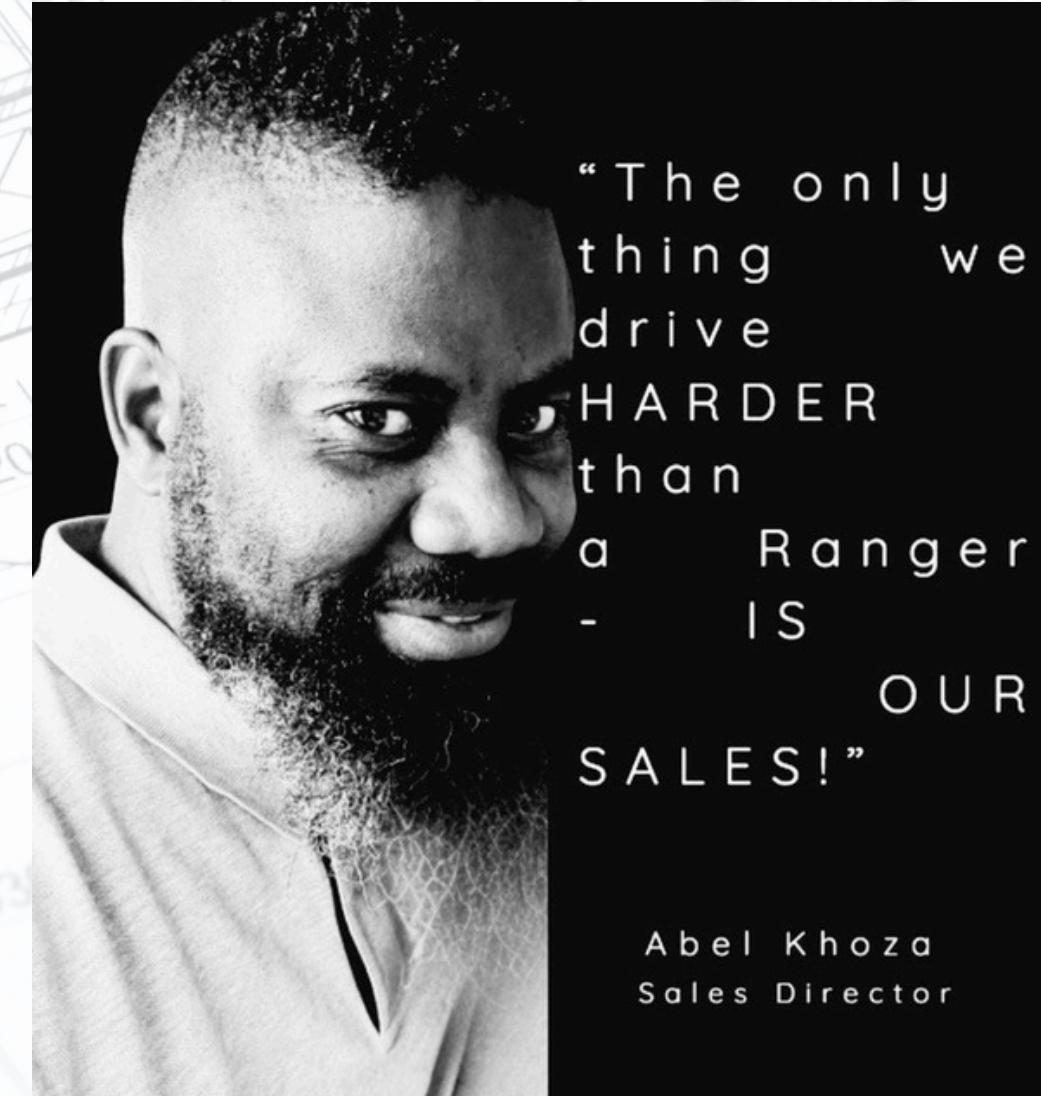

Upholding the highest standards of quality, innovation, and attention to detail.

Providing a full turnkey experience, ensuring a stress-free and efficient process from concept to completion.

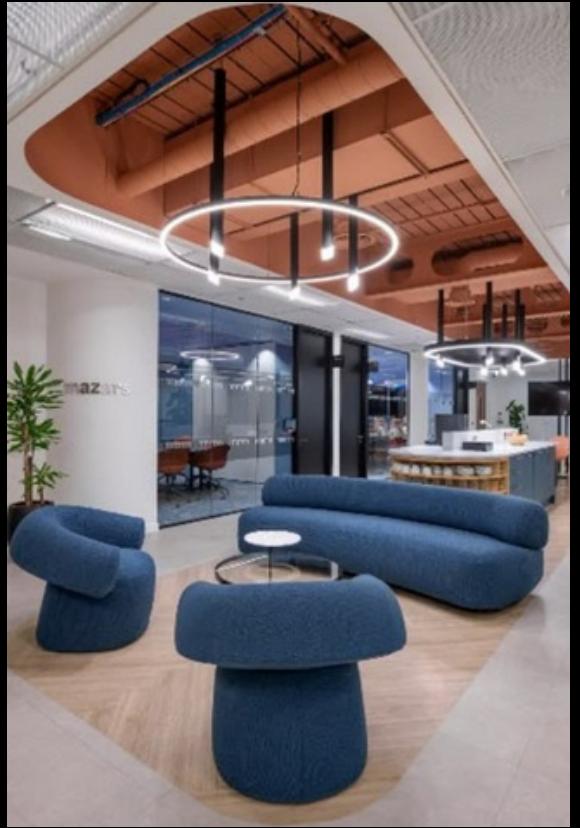

Continuously evolving with industry trends and technologies to create spaces that are timeless yet forward-thinking.

Building lasting relationships through trust, integrity, and a passion for exceptional design.

# MEET OUR BESPOKE TEAM

Our bespoke team, is a powerhouse blend of three dedicated professionals Chanel Creser - our visionary Design Director, Gary Creser - the meticulous Head of Project Management, and our dynamic Sales Director- Abel Khoza. Although we are the three main heads of the business, we collaborate with a network of other industry professionals who form an integral part of our team. Together, we bring a wealth of experience and passion to every project, ensuring exceptional results for our clients.

# OUR FULL TURNKEY PROJECT PROCESS

## 1. Consultation and Concept Development

**Client Briefing:** Meet with the client to understand their needs, vision, and budget for the project. This includes discussing the project's purpose (e.g., commercial or residential), style preferences, color schemes, and any specific requirements. **Site Analysis:** Conduct an initial site visit to evaluate the space, its dimensions, lighting, and existing conditions. **Concept Creation:** Develop a design concept based on the client's input, integrating their brand identity (for commercial spaces) or personal style (for residential). Present initial mood boards, sketches, and ideas for approval.

## 2. Design Development and Planning

**Detailed Design:** Create detailed floor plans, 3D renderings, and layouts that show the space's functionality and aesthetic. This includes furniture layouts, lighting plans, material selections, and color schemes. **Client Review:** Present the design to the client for feedback and adjustments. Ensure the design aligns with the client's vision and budget. **Finalizing Design:** Once approved, finalize the design details, including all specifications for materials, finishes, and construction elements. Prepare all necessary documentation for construction and approvals.

## 3. Procurement and Sourcing

**Sourcing Materials and Products:** Source and procure all materials, furniture, fixtures, and finishes required for the project. This can include custom pieces or off-the-shelf options, depending on the design. **Vendor Coordination:** Work with trusted suppliers, contractors, and artisans to ensure that all materials are of the required quality and meet the design specifications. **Budget Management:** Ensure that the procurement stays within the client's budget while maintaining quality and design integrity.

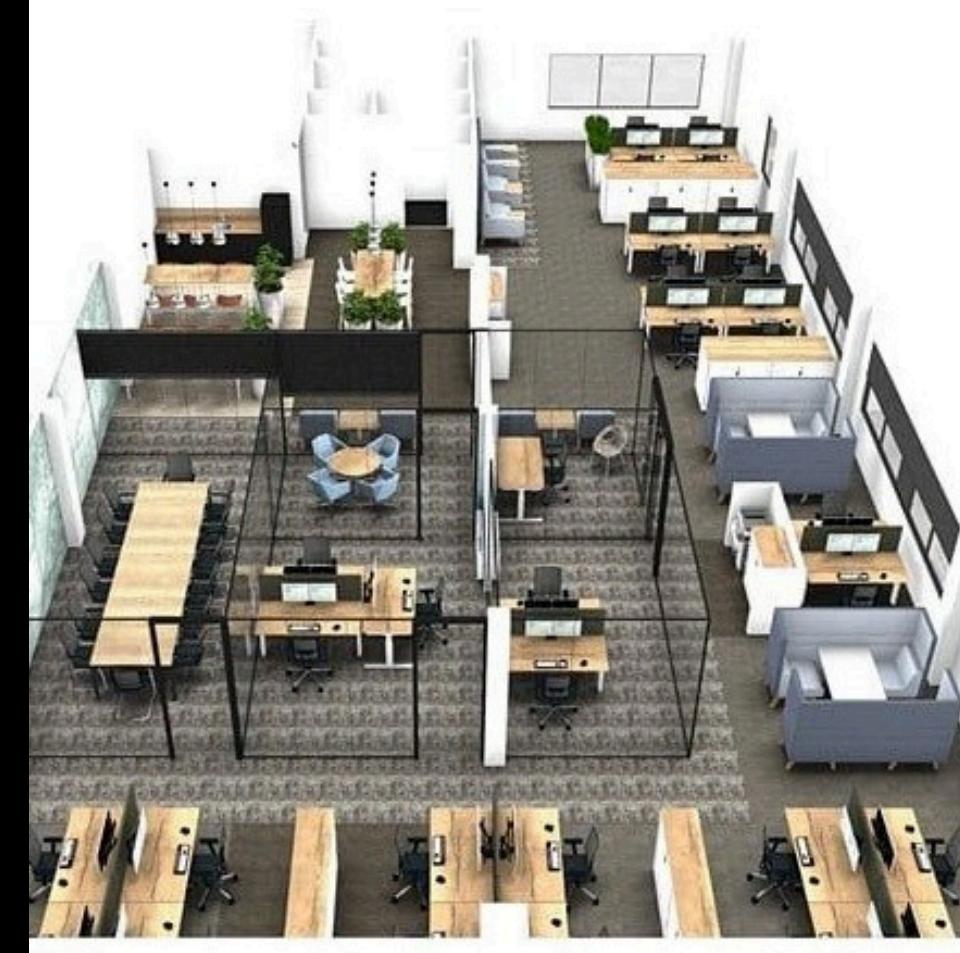

# OUR FULL TURNKEY PROJECT PROCESS

## 4. Construction and Execution

**Project Management:** Oversee the construction and implementation phase, ensuring that the design is executed accurately. This involves coordinating with contractors, overseeing trades (e.g., electricians, carpenters), and ensuring the build follows the approved design plans.

**Site Supervision:** Conduct regular site visits to ensure everything is progressing as planned. Address any issues that arise during the construction phase, ensuring timelines and budgets are adhered to.

**Quality Control:** Ensure the highest quality of workmanship throughout the project and that all materials are installed correctly.

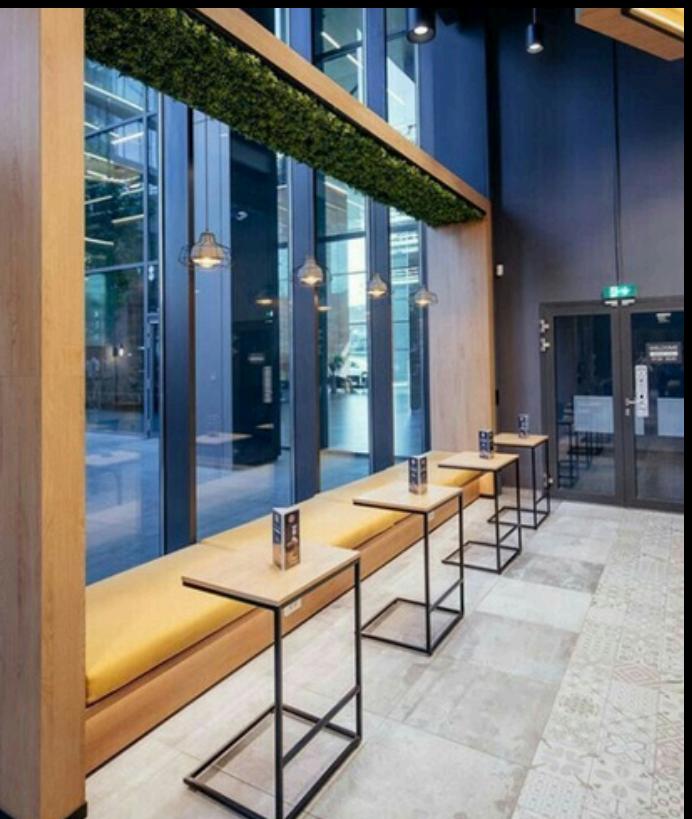

## 5. Completion and Handover

**Final Touches:** Add finishing touches to the space, including styling, artwork, accessories, and final checks on functionality (e.g., lighting, electrical, HVAC).

**Client Walkthrough:** Conduct a final walkthrough with the client, ensuring they are satisfied with the project and addressing any concerns.

**Handover:** Provide the client with all necessary documents (e.g., warranties, maintenance guidelines, user manuals for installed equipment). Ensure a smooth handover of the completed space.

**Post-Project Support:** Offer post-project support, including maintenance and any minor adjustments needed after the client has settled into the space.
